Silver Lake

SERBIA

Located about 110 km from Belgrade, lake lures beautiful beaches with restaurants and cafes, the aqua park and sports fields!

As a result of its growing popularity it has recently been touted as the “**Serbian sea**”.

Silver Lake has an irregular arc, and covers an area of 4km². It is located at an altitude of 70 meters and 8 meters deep.

The water is clear due to the lack of pollution and natural filtration of water through a lot of sand dunes.

FOREWORD

“Through the extensive experience of our coaches and my own experience, we came up with the program in line with which TEO4 will work and that will be – I’m sure – the best possible assistance to young players and at the same time their school of life.

As I have always been trying to ease the way to the basket for my teammates providing the timely assists, now it’s my goal to be a good assistant to each participant of our camp...

... All you have to do is throw the ball through the hoop...”

MISSION

Eight camp seasons from 2016 till 2023 are behind us. Together we have fulfilled the mission of Miloš Teodosić and TEO4 Camp. We were looking forward to basketball, we were learning it and loving it. Each boy and girl brought a lot to the camp, but we took even more. We wish that in the coming year each camper leave the Silver Lake with new knowledge, new experiences and memories. Let us be a small step on your way to the basketball expertise. The training program designed by Miloš Teodosić, together with the team of eminent experts, will enable each participant to give his maximum.
